

CRBS Bench to Business Workshop

October 7, 1-3 pm

Room 501: Goodman Cancer Research Building

Start-up Edition

Have you ever wondered what it takes to protect your ideas and inventions or turn them into a successful business?

This workshop will showcase researchers with a track record in starting successful businesses out of their academic positions and highlight how the office of Technology Transfer, Innovation and Partnership can help with that process.

Invited Speakers

Olivia Novac, Ph.D.

Associate Director, Technology Transfer, Innovation and Partnerships (I+P)

David Juncker, Ph.D.

Professor & Chair Biomedical Engineering, McGill;
Co-Founder Nomic Bio

Peter McPherson, Ph.D.

Professor of Neurology and Neurosurgery, McGill;
YCharOS
